

63rd Foundation Day

National CME & Hands-On Workshop on Neuromodulation

Department of Psychiatry, PGIMER, Chandigarh

	Date	Venue
<i>Hands-on Workshop (Half Day)</i>	<i>17 September 2026</i> (2:00 PM-5:30PM)	<i>Neuromodulation Service Area, Drug Deaddiction and Treatment Centre PGIMER</i>
<i>National CME (Full Day)</i>	<i>18 September 2026</i> (8:00AM-5:30PM)	<i>NINE Auditorium PGIMER</i>

Dear Colleague,

The Department of Psychiatry, PGIMER is pleased to announce the 63rd Foundation Day Hands-on Workshop & National CME on Neuromodulation. Bringing together experienced faculty and trainees from across the country, the meeting seeks to promote academic exchange, practical learning, and interdisciplinary collaboration in the evolving field of neuromodulation.

The **National CME on Neuromodulation** (18 September 2026) will include lectures, panel discussions, and academic

interactions aimed at enhancing understanding of the role of neuromodulation in contemporary psychiatric practice, research, and training.

The Pre-CME **Hands-on Workshop (add-on optional, 17 September 2026)** is a half-day program designed to provide participants with practical exposure to contemporary neuromodulation techniques in a supervised small-group setting. Through interactive demonstrations and guided training sessions, attendees will have the opportunity to familiarize themselves with the principles, procedures, and clinical applications of neuromodulation modalities relevant to current psychiatric practice. Limited seats will facilitate focused learning and active participation. The Workshop will be conducted by experts in the field of neuromodulation. **A separate registration is required for this Workshop and the number of participants is limited to 50 on first-come-first-serve basis.**

We will be adding the details of the academic program and the invited faculty in subsequent announcements. CME credit hours as applicable will be awarded for participation.

Warm Regards,

Organizing Committee (63rd Foundation Day National CME and Hands-On Workshop on Neuromodulation)

Department of Psychiatry PGIMER Chandigarh
